## INFORMATION ON FIRES AND EXPLOSIONS

**Fire Hazard:** Sugar should be stored in a dry, well-ventilated place, away from open flames and heat sources. Avoid storing sugar in environments exposed to high temperatures, humidity or sunlight to prevent clumping and quality degradation.  
**Storage:** Avoid storing sugar in high temperature, high humidity or sunlight environments to prevent clumping and quality degradation.  
**Fire Extinguishing:** In the event of a coal fire, use dry chemical or carbon dioxide extinguishers. Water may not be effective and may worsen the situation due to the release of flammable gases.  
**Regulatory Compliance:** Comply with all sugar, national and international fire prevention and safety regulations when handling and storing sugar.  
**Emergency Response:** Have a well-defined emergency response plan, including evacuation procedures and fire control measures, to deal with potential fire or explosion incidents.

## ADVANTAGES AND BENEFITS

**High purity and quality:** ICUMSA 150 sugar has a high purity, providing stable sweetness and consistent quality, making it suitable for various applications requiring refined sugar.  
**Pure taste:** ICUMSA 150 sugar offers a pure sweet taste without off-flavors or bitter aftertastes, improving the overall taste of foods and beverages. This is especially important for products with high taste standards.  
**Excellent solubility:** ICUMSA 150 sugar has excellent solubility, dissolves quickly in water and provides an even distribution of sweetness, which is particularly suitable for beverages, syrups and other liquid products.  
**Versatility:** Due to its good solubility and pure sweetness, ICUMSA 150 sugar is suitable for various applications including soft drinks, juices, dairy products, bakery products, candies, condiments and pharmaceuticals.  
**Trusted Source:** Sourced in Brazil, our ICUMSA 150 sugar benefits from the country's rich agricultural heritage and strict quality control measures, ensuring reliability and consistency.  
**Cost-effective solution:** Despite its superior quality, ICUMSA 150 sugar is competitively priced, providing companies with a cost-effective sweetening solution compared to other high-purity sugars on the market.
